

A few things to remember

Our colour services do not come with a blow dry. You will need to book a finishing service with your stylist or we can happily rough dry your hair to keep time and costs down.

Please book in for a consultation if you are unsure what service you require. Remember some big colour changes can take days and even months to achieve. Your stylist will give you all of your options and eventualities.

We require all new colour clients to have a skin test at least two days prior to your appointment.

Please leave enough time for your appointment. If you are on a time limit, please let your stylist know.

Our prices may be adjusted due to the amount of time or product we may need. Just ask if you're unsure.

All our stylists are amazing but the difference in price just reflects experience. Feel free to ask our advice on the best stylist for you.

Headkandy we recommend that all of our clients add
Opalex into their service in order to achieve beautiful
hair. Opalex is a revolutionary three step system that
seeks out and helps to rebuild damaged hair caused
by chemical processes and heated tools.
Ask your stylist how you'll benefit from this system
or simply book for an Opalex 2 and style to see the
