

A FEW THINGS TO REMEMBER...

Our colour services do not come with a blow dry. You will need to book a finishing service or we can happily rough dry your hair to keep time and costs down.

Please book in for a consultation if you are unsure what service you require. Remember, big colour changes can take days and even months to achieve. Your stylist will give you all of your options and eventualities.

We require all new colour clients to have a skin test at least 48 hours prior to your appointment.

Please leave enough time for your appointment. If you are on a time limit, please let your stylist know.

Our prices may be adjusted due to the amount of time or product needed. Just ask if you're unsure.

All our stylists are amazing but the difference in price just reflects experience. Feel free to ask our advice on the best stylist for you.

OLAPLEX

Because healthy hair is better than any colour, here at Headkandy we recommend that all of our clients add Olaplex into their service in order to achieve beautiful hair. Olaplex is a revolutionary three step system that seeks out and helps to rebuild damaged hair caused by chemical processes and heated tools.

Ask your stylist how you'll benefit from this system or simply book for an Olaplex 2 and style to see the benefits of this valuable product instantly.
